

Site Highlight:

Blendspace (<https://www.tes.com/lessons>)

Combine digital content with your files to create an online lesson to share with others.

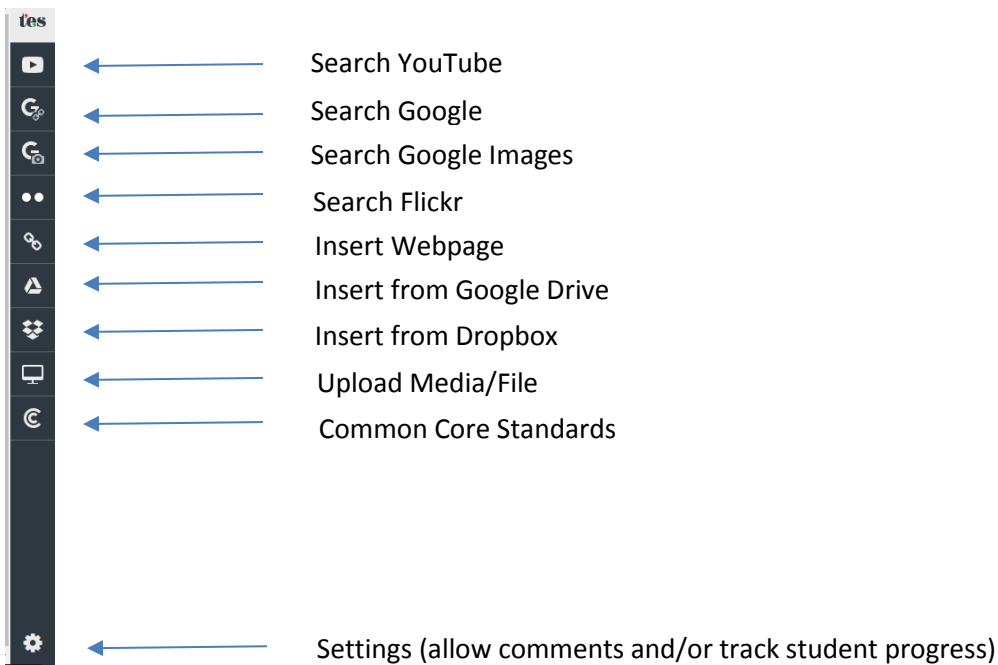

1. Sign up for a free account.

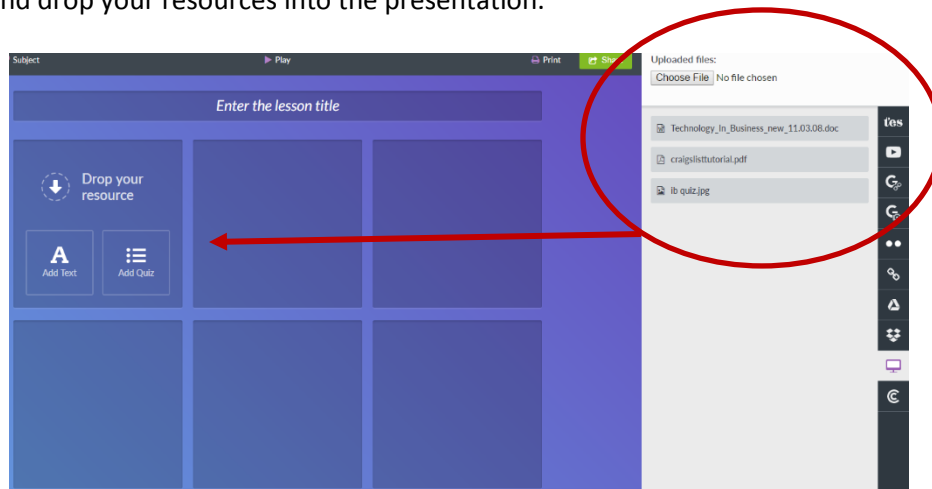

2. Log in, create a class, and then create a new lesson.

3. Upload and/or search for resources using one of the tabs in the menu at the right:

4. Drag and drop your resources into the presentation.

5.

Share your lesson with students.
